VIGOR-M

**An ultimate natural solution
of pleasure for men!**

It has been estimated that approximately 18.3-27% of the global population suffering from fatigue or persistent tiredness at a certain phase of their life. But this neglected chronic fatigue condition is the silence feature of the poor performance of an affected individual.

Male members are often affected by the stress-induced poor quality of life and a major cause of male infertility. It is very surprising that only one in four male has optimum semen quality.

Following are usual causes, which generate stress in male's life.

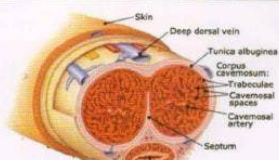

- 01** Occupational hazardous
- 02** High atmospheric pollutant exposure timing
- 03** The traveling distance of workplace from residential area and traffic queues influence prolong driving

Increasing mental and physical stress often the underlying cause of lack of libido, erectile dysfunction, poor semen quality, deprived spermatogenesis, and male impotent outcome.

Male ejaculation is controlled by the sympathetic portion, therefore neuronal activation improves libido specifically in the male. In addition, the neural effect can activate amygdala present in the limbic system trigger penile erection, orgasm, sexual feelings, sensations of extreme pleasure, etc.

There are Evidential support of VIGOR M tablet which has proven this formulation is effective to treat male genital issues, lack of libido, and chronic fatigue condition associated with over stress condition.

Composition: Damiana 3X - 0.03ml, Acidum phosphoricum 2X- 0.13ml, Ginseng Panax Ø-0.02ml, Selenium 3X- 0.02mg, Yohimbinum Ø-0.02ml. In sugar of milk base excipients q.s. to 550mg.

Largely medicated by emotion through the limbic system, activation of the amygdala can trigger penile erection, sexual feelings, sensations of extreme pleasure memories

Mechanism of action of each ingredients

01 Damiana

The advantage of this herbal substance is wide, as it acts on the nervous system and helps to boost mood due to its mild euphoric effect. It is effective to treat stress related to nervous disorders, such as anxiety by providing mental calming effect. Damiana can interact with dopaminergic system in the mesolimbic pathway, which is associated with activation of amygdale.

02 Acidum Phosphoricum

is a remedy for nervous exhaustion. This is a perfect treatment for men who are suffering from involuntary discharge at night or even emission with stool. It is effective to treat testicular inflammation and tenderness. Clinical research conducted by the University of Johannesburg reported Acidum phosphoricum has a potent anxiolytic effect to alleviate anxiety. This is not only to improve genital organ excitement, but also a remedy for impotence.

03 Ginseng Panax

is perfect to enhance libido by establishing neuronal and hormonal coordination. A clinical trial result has proven that Panax Ginseng significantly enhances sex hormones including testosterone, follicle stimulating hormone, and luteinizing hormone levels and also improve specific neurotransmitters activity favorable for sexual activity. Moreover, Panax Ginseng improves semen quality by improving the sperm count and sperm motility.

04 Selenium

is a trace mineral and has a great role to regulate some major pathways, including antioxidant defense systems, immune function, and thyroid hormone metabolism.

05 Yohimbinum

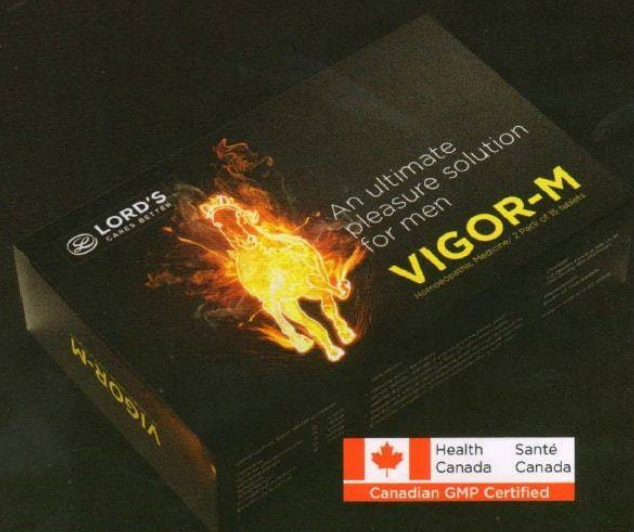

This ingredient has an aphrodisiac property and treats congestive sexual organ. It helps in prolongation of the erection of male sex organ. Yohimbinum helps to enlarge the testicles and epididymis and helps to treat male impotency.

Indications

- ▶ Nervine tonic for males
- ▶ Senile debility, mental & physical exhaustion, poor erection, lack of passion
- ▶ Loss of vigor and vitality.
- ▶ Impotency, sexual neurasthenia, and nervous exhaustion.

MODE OF ACTION OF INGREDIENTS

- 1 CANTHARIS** - is obtained from the insect *Lytta vesicatoria* common names are Spanish fly or blister beetle. *Cantharis vesicatoria* is of great help in kidney stone when there is intense burning on passing urine. It is used to strike kidney stones in ureter and in bladder.
- 2 DIOSCOREA VILLOSA** - is a popular herbal remedy for kidney stone induced pains. Diosgenin is a primary active ingredient which has significant anti-analgesic and anti-inflammatory activity by the inhibition of lipopolysaccharide-induced pro-inflammatory cytokines.
- 3 PETROSELINUM SATIVUM** - is a herb known as parsley. Parsley has potent antibacterial activity against some uropathogens. The constituents of parsley, which include flavonoids, ascorbic acid, carotenoids, myristicin, apiole, various terpenoid compounds, phthalides, phenylpropanoids, coumarins and furanocoumarins, acts as antiurolithiatic drug through decreasing urinary calcium excretion, increasing urinary pH making urine unsuitable for CaOx crystallization, and increasing urine volume hence decreasing supersaturation of urine, decreasing nucleation through decreasing urinary protein excretion.
- 4 STIGMATA MAYDIS** - is also known as corn silk. Corn silk is rich in phenolic compounds, particularly flavonoids. It also consists of proteins, vitamins, carbohydrates, calcium, potassium, magnesium and sodium salts, volatile oils and steroids. It soothes and relaxes the lining of the bladder and urinary tubules, hence reducing irritation of Bladder & Inflammation of the prostate.
- 5 THUJA OCCIDENTALIS** - commonly known as Arbor vitae or white cedar, is indigenous to eastern North America and is grown in Europe. Thuja is a diuretic and has been used to treat cystitis and relieves the sudden urge to urinate, followed by the involuntary loss of urine (overactive bladder). Recently, German scientists demonstrated that Thuja strengthens the immune system by stimulating T lymphocytes and increasing interleukin-2 production.
- 6 UVA-URS** - Uva ursi has antibacterial properties because of its main bioactive, arbutin. Arbutin creates a metabolite called hydroquinone glucuronide. It actually strengthens the lining of the urinary tract and helps to ease any inflammation in the system. It contains tannic acid and it has a number of health benefits including anti-viral, anti-fungal, anti-inflammatory, and anti-tumor activity.
