Dr. S.P.S. Bakshi speaks.....

The technological and scientific advancements have made life more easy and comfortable; but they have also added more stress. Man seems to be loosing out on quality of life due to the ravages of disease and an ever demanding work routine. Science may have found new and better answers for these ailments but what is required is increased resistance to fight disease so as to evolve a healthier community and produce stronger generations.

Down the years homoeopathy has emerged as the most promising science which not only annihilates the symptoms but also builds up the immunity of body.

We at Bakson are committed towards helping goodness of homoeopathy reach millions in the most safe & effective manner through our products & services. We envision to further nurture the prospects of this science in healing the sick holistically and safely.

Wishing everyone a healthy and happy life !

With warm regards,

Bakson	AC#4 Tablets		AC#7 Tablets Bakson	
For Dandruff			For mild constipation	
Dandruff is a common, non-contagious skin condition that causes shedding of the dead skin from the scalp with high oil (sebum) production. Old dead cells on the scalp are forced to the surface at an extreme rate, every 2-7 days forming flakes triggered by various internal & external factors like drugs, puberty, stress, extreme changes in the weather or a person's diet and is aggravated when exposed to UV light, hair dyes and harsh chemical shampoos. Although not a life threatening condition, but left untreated may lead to possible hair loss by clogging the hair roots and eventually weakening them. AC#4 is indicated for: ◆ Greasy, oily/dry areas of skin. ◆ Skin scales (white & flaking, oily & adherent). ◆ Mild redness with itching. Composition: Calcareo fluor. 3x, Calcareo sulph. 3x, Kali. sulph. 3x, Natrum sulph. 3x, Arsenicum alb. 6x, Rhus tox. 3x, Sulphur 3x. Dosage: Adults : 1 tablet twice daily. Children : 1 tablet once daily. Or as prescribed by the Physician. Presentation: 75 tablets.		Constipation is defined as having a bowel movement fewer than three times per week. With constipation stools are usually hard, dry, small in size and difficult to eliminate. Some people who are constipated find it painful to have a bowel movement and often experience straining, bloating and the sensation of a full bowel, commonly found in Irritable Bowel Syndrome. Constipation is a symptom, not a disease. Almost everyone experiences constipation at some point in their life, a poor diet and lifestyle typically is the cause (Functional Constipation), overuse of laxatives may be another reason. Mostly constipation is temporary and not serious. Ageing may also affect bowel regularity, as slower metabolism results in less intestinal activity and muscle tone. Persistent constipation may culminate into Piles. AC#7 is a homoeopathic combination which relieves mild constipation without side effects. Indications: Helps relieve constipation with difficult, hard stools, great straining, colic, flatulence, besides Piles with burning in rectum. A safe laxative for lasting relief. Composition: Senna 3x, Lycopodium clav. 3x, Hydrastis can. 3x, Nux vomica 3x, Silicea 3x. Dosage: Adults: 3 tablets at bed time. Children: 2 tablets at bed time. Once better taper the dose. Or as prescribed by the physician. Presentation: 75 tablets.

Bakson	AC#9 Tablets		ACNE AID Tablets & Cream Bakson	
Combats hairfall			Clears Skin	
Our hair is one of the most noticeable part of our overall appearance. Traditionally hair loss is a condition associated with men; however it is a reality for an astonishing number of women as well. Frequently, hair may simply thin out as a result of predetermined genetic factors, family history and the overall aging process. Other times, normal life variations including temporary severe stress, nutritional and hormonal changes like those in pregnancy, puberty and menopause may cause a reversible hair loss. Notably, several health conditions, including Thyroid disease and Iron deficiency anemia, can also cause hair loss. Bakson's AC#9 tablets is an effective clinical formulation which combats hair fall, restores lost hair and promotes their healthy growth with the goodness of homoeopathy. Composition: Acid phos. 3x, Lycopodium 3x, Jaborandi 3x, Natrum mur. 3x, Arnica mont. 3x, Cantharis 3x. Dosage: Adults: 1 tablet twice daily. Children: 1 tablet once daily. Or as prescribed by the Physician. Presentation: 75 tablets & 200 tablets.		A useful Homoeopathic combination with following effects: ◆ Hypoallergic & Anti-comedogenic action. ◆ Controls excessive sebum accumulation. ◆ Provides flawless skin. A specialised, satisfactory homoeopathic formulation which prevents excess production of sebum. It strikes at the root cause and doesn't leave any mark or scar on face thus providing clear, well nourished skin. Composition: Tablet: Berberis aqu. 3x, Kali. brom. 3x. Cream: Berberis aquifolium Ø (ext.), Thuja occ. Ø (ext.), Calendula off. Ø (ext.). Dosage: 1 tablet, 3 times a day. On improvement reduce the dose to twice daily. Application: Apply the ointment twice daily on clean and dried affected portion of skin. Presentation: Tablets: 75 tablets Cream tube: 30 gms.

Aids growth

There are many causes of slow growth. Delayed growth is poor or abnormally slow height or weight gain in a child younger than age of 5. This may just be normal and the child may outgrow it.

While we cannot change the hereditary and congenital causes for abnormal growth and stunting, abnormal growth due to hormonal causes, poor nutrition, due to various illnesses and psychosocial causes definitely needs proper finding of cause and treating it along with proper supplementation.

**SINUS AID**

Tablets

Relieve Sinusitis

Sinusitis means inflammation of a sinus. Most bouts of sinusitis are caused by an infection, but also can be caused by allergies and chemicals or particulate. The cheekbone (maxillary) sinuses are the most commonly affected.

Acute sinusitis (acute rhinosinusitis) causes the cavities around nasal passages (sinuses) to become inflamed and swollen. This interferes with drainage and causes mucus to build up. Sinusitis that lasts more than eight weeks or keeps coming back, despite treatment is called chronic sinusitis.

SINUS AID is effective for blocked nose, sneezing & related symptoms. It acts homoeopathically preventing recurrences and thereby boosting immunity.

NUTRITIONAL SUPPLEMENT RANGE

CALCI PLUS Bakson

Suspension

For strong Bones

Calcium plays a very important role in the body. It is necessary for normal functioning of nerves, cells, muscle and bone. If there is not enough calcium in the blood, then the body will take calcium from bones, thereby weakening bones. Vitamin D helps body absorb calcium and phosphorus. Having the right amounts of vitamin D, calcium and phosphorus is important for building and keeping strong bones.

Bakson's new combination nutritional supplement, Calci Plus suspension is used to prevent or treat low blood calcium levels in people who do not get enough calcium from their diets. It provides nutrients that support the structural system including bones, muscles, ligaments, tendons and skin.

Dosage: **Adult:** 1 tablespoonful twice a day.

Children: 1 teaspoonful twice a day or as prescribed by the Dietician.

FERRUM PLUS Bakson

Capsules

Iron Supplement

Iron helps red blood cells deliver oxygen from the lungs to cells all over the body. Once the oxygen is delivered, iron then helps red blood cells carry carbon dioxide waste back to the lungs to be exhaled. Iron also plays a role in many important chemical reactions in the body.

Iron has a role in creating energy from nutrients. It also contributes to the transmission of nerve impulses — the signals that coordinate the actions of different parts of body. If one has more iron than is needed, it's stored in body for future use.

Bakson's Ferrum Plus Capsules is a combination product that contains iron along with 2 vitamins (Vitamin B12 and Folic acid).

Indications: For iron deficiencies and anemic condition.

Dosage: 1 capsule three times a day or as directed by dietician.

GARLIC Bakson

Capsules

For wholesome Health

Great health benefits associated with odourless garlic supplements are , that they have been proven to provide benefits for the heart. They reduce blood pressure, help to reduce harmful LDL cholesterol, prevent hardening of the arteries and boost circulation. What's more, it even helps to reduce platelet stickiness within the blood, meaning that sticky platelets will be unable to clog the arteries.

Garlic is also excellent in the handling of body fat and, is acknowledged as one of the most effective means of reducing fat in conjunction with a healthy diet and exercise program. It boosts immunity, improves digestion and counters hyperthyroid condition thus providing wholesome health.

**FLEXICARE**

Capsules

for Healthy Joints & Connective Tissue

Joints form the connection between bones. These are beautifully designed to let the person move their body and support their weight. Any damage to the joints from disease or injury can interfere with the movement and cause a lot of pain. Flexicare capsules containing Glucosamine and Chondroitin helps slow down deterioration of cartilage, relieves joint pain and improves joint mobility as these ingredients enhance the shock-absorbing properties of collagen and block enzymes that break down cartilage. Hence this supplement helps the cartilage to retain water, keep joints lubricated and possibly limit cartilage loss.

Dosage: 1 capsule two times a day or as directed by Dietician.

LAXAT AID

Healthy Bowels

NAIL & HAIR AID

Strong Hair & healthy nails

Tablets

LAXAT AID TABLETS: Being constipated means one's bowel movements are tough or happen less often than normal. Almost everyone goes through it sooner or later. Although it's not usually serious, one feels much better when body is back on track. The normal length of time between bowel movements varies widely from person to person. Some people have them three times a day. Others have them only once or twice a week.

Laxat aid tablets developed by Bakson, can be used to treat constipation caused by conditions such as slowing of the intestines, prolonged bed rest/hospitalization, overuse of medications (e.g., narcotics) or irritable bowel syndrome.

Dosage: Adults: 2 tablets at bedtime. **Children:** 1 tablet at bedtime.

VITAMIN C PLUS

Prevents premature ageing

VITA-E

For stronger immunity

Capsules

VITAMIN C PLUS CAPSULES: The most prominent role of vitamin C is its immune-stimulating effect, e.g., important for defence against infections such as common colds. It also acts as an inhibitor of histamine, a compound that is released during allergic reactions. As a powerful antioxidant, it can neutralize harmful free radicals, pollutants, and toxins and facilitate the growth of the connective tissues which speeds up the process of wound healing.

Dosage: 1 Capsule twice daily or as directed by Dietician.
