HAIR LOSS !!!

Dr. Reckeweg has a solution

Helpful in Baldness

Premature Hair Loss

R- 89

Premature Graying and Alopecia

R89-Hair Drops

Alopecia, baldness, premature hair loss, premature gray hair, weakness, too much cooked food, headaches. improper fatty acid and fat metabolism or impure blood can cause baldness or alopecia. Heredity can play some part, but usually youngsters copy the improper lifestyles and eating habits that can lead to hair loss. Fatty acids counteract the hormones and toxic agents which cause hair loss.

Eating a balanced, healthy diet is important for a lot of reasons and it really benefits your hair. Don't forget to treat your hair well, for e.g. use baby shampoo, shampoo only once a day, lather gently and don't rub your hair too vigorously with a towel. This will certainly help.

Dosage : 3 times daily 20 drops after meals; once a day massage into bald area vigorously for 5 minutes. Long use is recommended for better result.
